

SPECIALITY PROGRAM

SURFING

A daily group Surfing session facilitated by our partners at Manly Surf School. Using a combination of surfboards and boogie boards with consideration to the natural conditions and general safety. For full-week campers in Year 3 and above. **Incur an additional fee.**

SUMMER 2022 ACTIVITY LIST

Active

Cricket

It's not an Australian summer without cricket in every neighbourhood. So while the professionals are competing for the Ashes, we'll be preparing the next generation in our signature fun way.

Beach Games

A chance to play and enjoy the beautiful Queenscliff Beach. Campers will have a say in the games and activities that are played each day. This will not involve swimming.

Rockpool Swim

A daily recreational swim in the beautiful Queenscliff Beach rockpool. This is an ideal way to cool off with friends, and is overseen by our very own trained lifeguards.

Soccer

2022 is a World Cup year, so we start things off by celebrating the world game at camp every day. This will be a mix of warm ups, skills, drills, game play and fun.

Court Sports

A new court-based game every day based on the sports that kids love the most.

Double Dutch

The skipping ropes will be out for Campers to learn and master the art of double dutch skipping with the long ropes. Lots of chances for individual tricks with the short ropes also.

Zumba

The classic total-body aerobic workout, soundtracked with some great tunes and happy vibes.

Art

Art projects for Spring Camp will include some retro classics which incorporate a variety of different skills and textiles. Things like Graffiti, Pop Art and other concepts that involve lots of colour!

Newsroom Studio

Campers become journalists and editors as they create the Camp Blue News for presentation at the end of week. This covers a range of skills such as research, writing, reporting, photography and editing.

Makerspace

Camp Blue Makerspace is an environment where Campers can explore their own interests and learn to use various tools and materials to develop creative solutions to help in their everyday lives. Unstructured by design, to harness a mindset of community, creativity and collaboration.

Glee

Campers work together as a group while putting their acting, dancing and singing skills to the test; creating a music video to a song or a mix of songs of their choice.

Creative

Special Interest

Curiosity Lab

This is your chance to turn into a mad scientist while doing some fun experiments to explore why the world works the way it does. There is no success without failure but the hard work will pay off with some surprising results!

Cooking

Warm up those tastebuds and learn how to cook some culinary classics. Cooking is a life skill that promotes independence and gives a new appreciation for what goes on your plate. Learning not only about food, but core kitchen skills such as hygiene, chopping and mixing.

Board Games

A range of modern and classic board games will be out on the tables to learn, master and use to challenge your friends. If you want an activity that is fun and full of strategy but a little more relaxed physically, then this is for you.
