● **Art**
Art projects for Spring Camp will be focused on the fine art of ceramics and use of clay.

● **Street Dance**
Drawing on a variety of dance styles developed over the years outside a studio, Street Dance is a powerful form of non-verbal communication that encourages self-expression in people of all ages. In the camp environment, creative movement gets Campers active and helps them express themselves without barriers.

● **Theatre Sports**
Campers will engage in the art of improv and learning the skills it takes to compete in the Theatre Sports competitions.

● **Makerspace**
Camp Blue Makerspace is an environment where Campers will explore their own interests and learn to use various tools and materials to develop creative solutions to help in their everyday lives. Unstructured by design, to harness a mindset of community, creativity and collaboration.

● **GLEE - Double period activity**
Campers will work together as actors, directors, producers and editors as they create a music video. This is a double period - the artistic journey of film making needs time :)
