## WHAT YOU NEED

- paper
- printer (if you want to print the template)
- paint or texters that you can dot with
- cotton buds
- imagination

## STEPS

1. Pretend you are living thousands of years ago and need to create a work of art for your ancestors.
2. Choose one-three of the above Aboriginal symbols to create a story line.
3. On a blank sheet of paper write down the short story you are choosing to tell and symbols you choose to use.
4. On the animal or boomerang (template attached) using a pencil, sketch your story.
5. Dip cotton buds into desired paint and paint over pencil sketch or use your markers to make the dots. Think about your colours and what you are representing.
